

As the Company's principal focus continues to be on developing the Atlanta Project, the Company allowed its interest in the mineral claims comprising the Jackson Inlet diamond property located on the Brodeur Peninsula of Baffin Island ("**Brodeur**") to lapse during 2013, rather than incur further expenditures necessary to maintain the claims. The Company completed a portion of its reclamation and restoration obligations at Brodeur in August 2013 and again in March and April 2014. Adverse weather conditions terminated the final restoration and it is planned to be completed in 2016.
